PROFILE

I'm a 19 years old student who is starting sophomore year of university. My passion is to explore and experience nature. I have been on countless trips to explore nature and I will continue to do so. I also like to experience and learn about different cultures. I'm also open to any new things I haven't experienced before. If you have anything that you thought might be fun for me to try, feel free to send me those ideas. My goal is to share my experiences but also to improve my writing abilities at the same time.
